TITLE OF SYNOPSIS

TABLE OF CONTENTS

ABSTRACT

INTRODUCTION

REVIEW OF LITERATURE

MATERIALS AND METHODS

REFERENCES

## **TITLE**

Title of the synopsis should be less than 20 words (optimum 15 words)

Title of the synopsis given on page one should be the same as given on page second

## **ABSTRACT**

Clearly states and includes

- The objective of the study
- Brief methodology
- Statistical approach/techniques
- Around 250-350 words

## **INTRODUCTION**

Clearly states and includes

- The problem/process for which the study is planned
- Importance of topic
- Justification of the research conducted/need for the research
- Support it with previous research (literature), if available
- Uniform style of citation (Follow APA style)
- Write it like an interesting story
- Review the most relevant studies to your topic
- Hypothesis should be clearly stated (if required)
- Objectives of the research should be at the end of introduction

## **REVIEW OF LITERATURE**

Relevant to the proposed study and properly updated by including the following points:

- What kind of work has been done before on the topic of your study?
- Should be written in some meaningful sequence (story writing) or in chronological order
- Uniform style of citation (Follow APA style)

## **MATERIALS AND METHODS**

Clearly mention

- Location of the experiment
- Experimental design
- Data collection along with units and sampling
- Detail of experimental units and treatments
- Dependent and independent variables
- Husbandry practices (if applicable)
- Survey data according to survey standards (if applicable)
- Procedures/Lab analysis/techniques/tools
- Statistical methods
- Treatment comparison test (if applicable)
- Statistical/analytical references

## **REFERENCES/ LITERATURE CITED**

- Names (Spell) and Year of publication should be same in text and reference list
- Reference list should be arranged alphabetically
- No duplicate reference should be present in reference list
- Follow APA style for references

## **Format Style**

- Margins throughout text should be mirrored (1 inch top, 1 inch bottom, 1.25 inches inside and 1 inch outside)
- Line spacing should be 1.5
- Text style should be Times New Romans
- Font size should be 12
- Text alignment should be Justified
