

Cholistan University of Veterinary & Animal Sciences (CUVAS), Bahawalpur

September 2026 Activities & Events

1: Alhamdulillah! A Major Achievement for CUVAS

By the grace of Almighty Allah, Cholistan University of Veterinary & Animal Sciences (CUVAS), Bahawalpur has achieved a significant milestone as its DVM degree program has been approved by the Pakistan Veterinary Medical Council (PVMC). This achievement has been made possible through the dedicated efforts and special initiatives of Vice Chancellor Prof. Dr. Muhammad Tariq Javed, whose leadership continues to strengthen academic standards and professional recognition at CUVAS.

A proud moment for CUVAS, its students, faculty and the entire Bahawalpur community. Alhamdulillah — CUVAS continues to move forward towards excellence!

degrees such as DVM, MSc, MPhil, and PhD. Some of these institutions have been presenting their issued degrees and certificates as approved by the Pakistan Veterinary Medical Council (PVMC), whereas several public and private institutions offering degrees in Veterinary Sciences and Animal Husbandry are NOT approved by PVMC. Therefore, all those seeking admission in such institutions are hereby warned that obtaining education from institutions not related to Veterinary & Animal Husbandry as approved by PVMC will make it impossible to get RMP registration with the Council, without which no government job related to veterinary services can be obtained. Information regarding PVMC-approved institutions is available on the Pakistan Veterinary Medical Council website www.pvmc.gov.pk. The Council only registers those who have completed the DVM and postgraduate programs from approved institutions. The programs approved by the Council for the listed institutions are as follows:

2: CUVAS Organizes Consultative Conference on Punjab Livestock Policy 2026

BAHAWALPUR: Cholistan University of Veterinary and Animal Sciences (CUVAS), Bahawalpur, hosted a consultative conference on Punjab's Livestock Policy 2026 to have recommendations from farmers, industry representatives, and relevant stakeholders for the sustainable development of the livestock and dairy sector.

The conference was attended by Mr. Asad Naeem, Special Secretary; Mr. Amir Nazir Khichi, Additional Secretary; Dr. Sohail Azmat, Deputy Secretary Technical; Mr. Rashid Nazir, Section Officer Technical; Dr. Iqbal Mushtaq, Section Officer General; Dr. Syed Muhammad Subtain, Director Livestock Cholistan; and Dr. Rizwana Akram, Director Livestock Bahawalpur Division, Bahawalpur from the livestock department south Punjab. Vice Chancellor Prof. Dr. Muhammad Tariq Javed, along with Deans, professors, faculty members (Faculty of Veterinary Science and Faculty of Animal Production and Technology) participated in the conference. While Farmers from Yazman, Lodhran, Ahmadpur East, Hasilpur, Lal Suhanra, Khairpur, and other areas in large number also participated in the conference. Representatives of the poultry sector, including Mr. Rizwan Jani, Mr. Ch. Kashif, and Mr. Mahar Zafar, shared their views, while dairy farmers including Mr. Ch. Muhammad Arshad, Mr. Waris Adnan, and Mr. Rao Parstar Ali highlighted the challenges faced by Livestock producers. Sardar Muhammad Aftab Ahmad Khan Wattoo, President, Sahiwal Cattle Breeders Society, Jhang, represented the dairy industry and shared his insights regarding cattle breeding and livestock development. Addressing the participants, Special Secretary South Punjab Mr. Asad Naeem emphasized that farmers are key stakeholders in the livestock sector and that their practical experience and recommendations are essential for formulating an effective and farmer-oriented policy. He encouraged participants to share their views openly so that Punjab's Livestock Policy could reflect the actual needs, challenges, and ground realities of the sector. Professor Dr. Muhammad Tariq Javed, Vice Chancellor also reiterated the importance of the policy to provide a future roadmap for the livestock sector as a key initiative and emphasized the importance of south Punjab being important hub of livestock and the role of CUVAS in the uplift of the livestock sector in south Punjab and beyond.

The participants also discussed the directions of the Provincial Minister for Livestock Mr. Syed Muhammad Ashiq Hussain Kirmani, who directed to have a consultative dialogue on the policy involving the farmers and key stakeholders to ensure their active participation in the policymaking process and their voices must be heard and incorporated in the livestock policy 2026. The initiative aimed to incorporate the perspectives of those directly associated with livestock and poultry production.

Prof. Dr. Riaz Hussain, Dean, Faculty of Veterinary Science, CUVAS, served as the focal person for the conference along with his team. They made all necessary arrangements for the successful organization of the event at CUVAS by inviting the key stakeholders and industry

people to make this event a great success. Special Secretary Livestock South Punjab also thanked Prof. Dr. Riaz Hussain for making wonderful arrangements for the event. The conference provided a valuable platform for consultation among policymakers, livestock experts, academia, poultry sector representatives, dairy farmers, and industry stakeholders. Discussions focused on livestock productivity, animal health services, breed improvement, modern farming practices, dairy development, and strengthening coordination among the government, farmers, and academic institutions for the sustainable growth of Punjab's livestock sector.

Prof. Dr. Muhammad Tariq Javed, Vice Chancellor Cholistan University of Veterinary and Animal Sciences, taking the opportunity also suggested to special secretary South Punjab for opening the doors of day and night hospital established in Bahawalpur under livestock department for the students of CUVAS so that they can get involved in treating the diseased animals at the hospital in evening hours. He further suggested to have a monthly or bimonthly consultative meeting or a seminar involving officers of the livestock department south Punjab, faculty of CUVAS and the undergraduate & postgraduate students so that the link can be made more stronger and research at CUVAS can be made more field oriented. Special Secretary South Punjab, Mr. Asad Naeem warmly welcomed both the suggestions and agreed to start this initiative with the focus of addressing the issues of the farmers of south Punjab.

3: CUVAS Facilitates Students with Driving License Services Through Mobile Police Khidmat Markaz

In a significant step towards facilitating students, the Cholistan University of Veterinary and Animal Sciences (CUVAS), Bahawalpur, arranged mobile driving license services for students on the university campus through the Mobile Police Khidmat Markaz.

The initiative was made possible through the special efforts of Vice Chancellor Prof. Dr. Muhammad Tariq Javed, aiming to provide students with convenient access to driving license

facilities without the need to visit offices outside the university. Through this service, students were facilitated in obtaining driving licenses and accessing relevant licensing procedures at their doorstep. The initiative reflects the university administration's commitment to student welfare, convenience, and responsible driving practices.

Vice Chancellor Prof. Dr. Muhammad Tariq Javed emphasized the importance of facilitating students through practical initiatives and ensuring access to essential services within the university campus. The students appreciated the initiative and expressed their gratitude to the Vice Chancellor and the university administration for taking steps to address their needs. CUVAS continues to prioritize student facilitation through initiatives that promote convenience, safety, and a supportive academic environment.

4: CUVAS Students Express Gratitude to Vice Chancellor for Approval of Yazman Bus Route
Students of the Cholistan University of Veterinary and Animal Sciences (CUVAS), Bahawalpur, expressed their gratitude to Vice Chancellor Prof. Dr. Muhammad Tariq Javed for approving a bus service route from CUVAS Bahawalpur to Yazman, facilitating students commuting from the area. The students appreciated the Vice Chancellor's efforts to address their transportation needs and improve student facilitation. To express their happiness and appreciation, the students celebrated the occasion by cutting a cake and extending their heartfelt thanks to the Vice Chancellor for considering their request. Prof. Dr. Muhammad Tariq Javed has emphasized the importance of addressing students' concerns and providing them with a supportive academic environment. The approval of the Yazman bus route is expected to provide greater convenience to students and help facilitate their daily commute to and from the university

5: CUVAS Receives Two New Buses for Student Transport

BAHAWALPUR two new buses have been provided to the Cholistan University of Veterinary and Animal Sciences (CUVAS), Bahawalpur, following the announcement made by Provincial Minister for Education Punjab Rana Sikandar Hayat during his recent visit to the university. The bus were inaugurated today by Vice Chancellor CUVAS Prof. Dr. Muhammad Tariq Javed in the presence of Dr. Rana Tariq, MPA Bahawalpur and Member Syndicate & Selection Board, CUVAS. The initiative is aimed at improving transportation facilities and providing greater convenience to students.

Speaking on the occasion, Vice Chancellor Prof. Dr. Muhammad Tariq Javed appreciated the support extended by the Punjab Education Department and Rana Sikandar Hayat for addressing students' transportation needs. Dr. Rana Tariq also appreciated the initiative and reaffirmed his commitment to supporting student welfare and the development of CUVAS. The university administration expressed its gratitude for the provision of the buses, which will contribute to better and more accessible transport facilities for CUVAS students.

6. CUVAS Announces Auction of Milk from University Dairy Farm

Bahawalpur, October 2026: Cholistan University of Veterinary & Animal Sciences (CUVAS), Bahawalpur, through the Directorate of Animal Teaching & Research Centre (DAT&RC), has announced the auction of milk produced at the University Dairy Farm. The auction is being conducted in accordance with the applicable Punjab Procurement Rules, inviting interested individuals, firms, vendors, and registered milk purchasers to participate in the bidding process. The auction aims to ensure a transparent and competitive mechanism for the sale of milk produced at the University's dairy farm.

According to the auction notice, the **minimum bid price has been fixed at Rs. 2,160,000**, while interested bidders are required to submit a **refundable earnest money of Rs. 50,000** in favour of the Treasurer, CUVAS, Bahawalpur. The auction is scheduled to be held at the **Directorate of Animal Teaching & Research Centre (DAT&RC), CUVAS, Bahawalpur**, in the presence of representatives of the bidders. The University has invited eligible and interested parties to participate in the auction process according to the prescribed terms and conditions. The auction notice further specifies various conditions regarding bidder identification, submission of earnest money, payment and security requirements, applicable taxes, and compliance with the terms of the milk supply agreement. University employees and their immediate family members are not eligible to participate in the auction. The initiative reflects CUVAS's commitment to **transparent, accountable, and professionally managed utilization of its livestock and dairy resources**, while supporting the University's academic, teaching, and research activities through the Directorate of Animal Teaching & Research Centre.
